

OCCUPATIONAL THERAPY **DRIVING** SERVICES

MAINTAIN INDEPENDENCE & SAFE DRIVING WITH SUPERYOU

We're a NDIS-registered service provider dedicated to helping people with a disability and the elderly achieve independence and confidence on the road!

Whether you have a goal to learn to drive for the first time or are getting back behind the wheel, we can support you from start to finish.

Our Driver Trained Occupational Therapists are also licensed Driving Instructors, meaning we're more than an assessment centre - we also provide therapeutic support.

This means we'll work with you in-vehicle to build your capacity through our practical support and guidance.

ACCESS OUR COMPREHENSIVE SUITE OF DRIVING SERVICES

Driver Assessments

To determine your potential to gain or maintain a driver's licence – whether you're new to driving or have been driving for years!

Vehicle Modifications

To assess and recommend any vehicle modifications that will help you access and drive your vehicle.

Capacity Building

So you'll be able to build your abilities to a licensing standard to gain your independence on the road.

Take life where you wanna go, with Superyou

SPECIALISED SERVICES

We're more than an assessment centre. All services are tailored to you and are centred around a therapy model to build capacity and achieve your driving goals.

This includes accessing the community as a driver or passenger, whether this be in a standard or Wheelchair Accessible Vehicle (WAV).

Community mobility is at our core. We're proud to offer most services in our own vehicles with a host of modifications including hand controls, left foot accelerators and steering aids.

WHO DO WE HELP?

We provide OT driving services and fitness to drive assessments to:

- ⚡ Individuals with disability wanting to learn to drive
- ⚡ People who have a medical condition or disability that may affect their ability to drive safely
- ⚡ Those who need to regain their driving confidence or use vehicle modifications after an injury or illness
